I have eaten a few times in a recent trip to Santo Domingo. Almost all appetizers and main dishes that were all excellent. The terrace where most tables are located is wonderful. They still use milk products in some sauces and dressings (yogurt and cheese), so do not hesitate to ask the personal to replace it for an alternative, they are super nice and ready to place their preference. At Papaupa in Santo Domingo you can look forward to creative combinations of different ingredients - all in line with the idea of a *sensational fusion cuisine*. The successful fusion of different dishes with fresh and occasionally daring ingredients is highly valued by the guests - a nice example of Asian Fusion. Surely, it's also a nice event to feel like in the Wild West once, to drink and eat like the cowboys or even the bandits with a drink or two paired with onion rings and a nice spicy burger, delicious [vegetarian](#) dishes are also in the menu available.
